

# Ben Franklin Epitaph

Ben Franklin also had a sense of humor & was a bit of a control freak. He even went so far as to write his own epitaph, trying to ensure that he was in charge of how he was remembered. I guess, today, it'd be something like "*What do you want on your tombstone?*"

So, what do you want on your tombstone? Tell us.

- 1). Create an original epitaph that you'd like to see on your tombstone
- 2). Include the following...
  - Who will you be?
  - Use a simile
  - Describe that simile more fully (i.e. the ugly stuff)
  - Finish that description with a positive twist
  - Birth and death dates
- 3). Actually put it on a tombstone
  - Either drawn or pasted
  - Your choice of design
  - Be creative
