Directions: use this page for recording quotes and paraphrasing.

Quotes: use quotation marks if they are five lines or less. Direct quotes end with the author's name and page number in parenthesis. If there is no author, use the title in quotation marks (usually books, which are italicized, have authors). Online articles may not have page numbers, so the only source in the parenthetical may be the title. Move the period from inside the quotation to the *end of the parenthetical*.
